

## **GFCT TREATMENT SUPPORT LTD AND AQUA MEDICAL TEAM UP TO PROVIDE BACK UP PROSTATE SCANNING FACILITIES AND BIOPSY FOLLOW UPS IF REQUIRED**

Thanks to the support of Vista Health, part of the InHealth Group, we are delighted to offer hospitals the use of a mobile MRI Scanning Unit at the current NHS tariffs of £147 for a reported non contrast scan and £212 for a reported contrast scan.

This incredibly attractive offer is based on a consecutive minimum two, but preferably four-day visit by the scanning unit on hospital premises. The target will be twenty scans a day, thereby helping reduce backlogs and bottlenecks. There is no requirement to make any long-term commitment.

There is no limit on the number of days that can be booked, subject only to suitable availability. It will also have the benefit of freeing up existing scanner facility time thereby helping a whole raft of other hospital patients.

Furthermore, we're also delighted to be able to offer a one stop biopsy package to include a BK Medical bkSpecto Ultrasound System, biopsy chair and set of stirrups for £42,000 as an outright purchase or for £1,300 a month over a 3-year rental agreement, to help clear any backlogs or bottlenecks that are happening post scanning.

If either offering is of interest to you please contact Graham Fulford at [grahamfulford47@gmail.com](mailto:grahamfulford47@gmail.com), Susan Hart at [susan@psatests.org.uk](mailto:susan@psatests.org.uk) or Ken Hall at [sales@aquamedical.co.uk](mailto:sales@aquamedical.co.uk).
